

# DIGITAL HUMANITIES SHOWCASE 2019

Digital Humanities Center - LA 61

The Digital Humanities Showcase is the celebratory exhibition of digital work at SDSU. Featuring a digital poster session, wherein creators discuss their work, as well as exhibitions and demos, the DH Showcase displays the wide diversity of creative-critical digital work happening across our campus.

Digital Humanities projects related to scholarship and/or pedagogy are welcome. Projects may be stand-alone works, components of broader projects, works-in-progress still in draft form, or works created in previous semesters. They may be fully digital, or hybrid digital-analog.

Join us on May 10 for the showcase; snacks will be provided. Interested in sharing your work? Submit by May 2: [tinyurl.com/dhshowcase2019](http://tinyurl.com/dhshowcase2019).

**MAY 10**  
10am - 12pm
